

Pathology and its impact on patient care

Wednesday 2 February 2011

5 CPD Credits

Organised by the Lay Advisory Committee of the Royal College of Pathologists

To be held at The Royal College of Pathologists, 2 Carlton House Terrace, London, SW1Y 5AF

Provisional programme

This event has been organised to provide members of the public, patients and others who have an interest in understanding Pathology, with information on how Pathology/Laboratory services influence and impact on the treatment of a patient. The morning session is designed to give an understanding of the basics of a laboratory service and how it interacts with the front line medical team treating a patient during that process. The afternoon session will discuss the impact of legislation on Pathology and how it has affected the services that laboratories provide specifically in the area of research.

09.30 Registration and coffee

09.50 Chair: **Neil Formstone – Chair of the Lay Advisory Committee**

Session 1: What happens to your sample when it is sent to the hospital laboratory?
