Assessment and examination requirements for ST2

Workplace based assessment

Workplace based assessment	Minimum number of satisfactory workplace-based assessment required
Direct Observation of Practical Skills	6
Case-based Discussion	6
Evaluation of Clinical Events	6

Further information is available on the [College website](#).

Fellowship of the Royal College of Pathologists (FRCPath) examination

[Examination regulations and guidelines for 2011](#) will be available on the College website at the beginning of November 2009.

In Stage B/ST2, trainees should be starting to actively consider when they will apply for the FRCPath Part 1 examination. It is expected that trainees will normally have passed the FRCPath Part 1 examination by the end of ST3. Trainees who have not passed the FRCPath Part 1 examination by the end of ST3 will be prevented from progressing to Stage C of training. This may result in an extension to training through the ARCP process.

Closing dates for applications to enter the FRCPath examination in 2011 are:

- Friday 7 January 2011
- Friday 1 July 2011

Annual Review of Competence Progression (ARCP)

The ARCP is a deanery-led process that should take place towards the end of the trainee's year of training. The outcome of the ARCP determines the trainee's progress through training. Trainees should ensure that they record all of their training and assessment activities using the LEPT system in preparation for their ARCP.

To enable progression at ARCP trainees must provide evidence of:

- 6 satisfactory outcomes for each workplace-based assessment tool.

Trainees may also provide evidence of a pass in the FRCPath Part 1 examination.

Further information is available on the [College website](#).

All trainees should ensure that they have a mid year or mid placement review (MYR/MPR). The MYR/MPR should ensure that the trainee is on course to complete the curriculum and assessment requirements of the year.

N.B. This information is based on full-time trainees progressing at the expected rate. Trainees who are part-time etc. can consult the College separately for specific guidance should they require it. See also: [Workplace-based assessment and less than full-time training](#)
