October 2026 Bulletin

27 October 2026

Join us on Tuesday 27 October 2026 at 12pm for the second LEPT Induction Session, designed to help trainees make the most of their ePortfolio. This session will guide you through creating Supervised Learning Events (SLEs) and Multi-Source Feedback (MSF) forms within LEPT. We will also demonstrate how to associate SLEs with the relevant Capabilities in Practice (CiPs) and Generic Professional Capabilities (GPCs). The session includes practical tips, guidance from the LEPT Team, and an opportunity to ask questions. New trainees are especially encouraged to attend, although all LEPT ePortfolio trainees are welcome.

Calling all Residents! Following some excellent sessions on medical liver disease in 2025, and based on feedback received from delegates, the UK Liver Pathology Group in conjunction with the Royal College of Pathologists are pleased to announce the continuation of our virtual liver pathology bitesize series. Given the variability in exposure to liver pathology during training across the UK, some of the cases discussed will include FRCPath style cases, but also cover entities which pathologists may come across regularly as part of their working practice. There are six webinars which take place during 2026, which this year will be focussing on lesional liver pathology, and will aim to return to medical liver disease in 2027.

4 November 2026

Join us on Wednesday 4 November 2026 at 3pm for the third LEPT Induction Session, focusing on key ARCP processes within the ePortfolio. This session will demonstrate how to create ARCP records, Educational Supervisor Structured Reports (ESSRs), and what to check on your ARCP Outcome Form before you accept. We will provide practical guidance to help you record and manage this information accurately and efficiently. The session also includes time for questions and answers.

6 November 2026

This meeting is relevant to all those involved in the delivery of pathology training – including trainers, assessors and senior resident doctors preparing to become consultants.

The main aim of this annual remotely-held Zoom meeting is to provide an 'Educational Update' on training and assessment and examinations.

This year's theme is focussed on **Artificial Intelligence (AI)**. The keynote speaker is Dr Mark Ragoo MBA PGDip Health Informatics FRCM FHEA. Dr Ragoo is a Consultant in Emergency Medicine with a longstanding interest in clinical informatics, digital transformation and the practical use of artificial intelligence in healthcare. Dr Ragoo's talk will focus on Using AI in Pathology Training and Examinations.

This year's virtual conference on International Pathology Day is themed, 'Pathology in an era of personalised medicine', and will explore the evolving role of personalised medicine in a range of pathology specialties. The event will be chaired by the President of the Royal College of Pathologists, Dr Bernie Croal. We are also delighted to welcome Dr Ahmad Abou Tayoun, Chair of the WHO Technical Advisory Group on Genomics, as our special guest. Professor Tayoun will be in conversation with Professor Sarah Coupland, President-Elect of the College.

12 November 2026

Join us on Thursday 12 November 2026 at 5 pm for the fourth and final LEPT Induction Session, which focuses on additional features and tools available within the ePortfolio. This session will cover how to create and manage Personal Activities, Training Rotations, and Resources, helping

you keep your portfolio organised and up to date. We will also provide an overview of the Help Menu and the support available to assist you throughout your training. The session includes practical tips from the LEPT Team and time for questions and discussion.
