

The Royal College of **Pathologists**

Pathology: the science behind the cure

Soft tissue tumours from infants to young adults: the age matters!

19th and 20 March 2020

CPD Credits: 10

To be held at Royal Victoria Crown Plaza, Sheffield.

This event will be a case-based approach to the current major clinicopathologic issues in Soft tissue tumours in different pediatric ages and is targeted to Paediatric pathologists, adult histopathologists and trainees.

PROGRAMME

Thursday 19th March 2020

Part 1

08.45 Registration

09.10 Welcome & Course content: Professor Marta Cohen and Professor Rita Alaggio

09.15 Overview of classification schemes and therapeutic approaches in sarcomas in children adolescents and young adults: Dr Anna Kelsey

10.00 Case presentation: Dr Anna Kelsey and Professor Rita Alaggio

10:15 Rhabdomyosarcoma in infants, children, adolescents and young adults: a roadmap for the modern pathologist: Dr Anna Kelsey and Professor Rita Alaggio

11:00 Coffee Break

Part 2

11:15 Case presentation: Dr Rajeev Shukla

11:30 Ewing and Ewing- like sarcomas: a new perspective from molecular studies: Dr Khin Thway

12:15 Redefining the landscape of vascular malformations and benign vascular tumours in infants and children: a clinic- pathological diagnosis: Dr Isabel Colmenero

13:00 Lunch

14:00 Vascular tumours with intermediate clinical behaviour: Dr Isabel Colmenero

14:25 The paradigm of Synovial Sarcoma and CINSARC grading: Dr Marie Karanian

14:50 Epithelioid Sarcoma: Dr Khin Thway

PROGRAMME CONTINUED

The Royal College of Pathologists

Pathology: the science behind the cure

15: 15 Myoepithelial neoplasms: Professor Rita Alaggio

15:40 Coffee

16: 00 Alveolar soft part sarcoma: Dr Khin Thway

16: 20 Clear cell sarcoma of soft parts and Malignant gastrointestinal neuroectodermal tumor (GNET): Dr Khin Thway

16:40 Close

18.30 Dinner (for speakers and paying delegates)

Friday 20th March 2020

Part 3

08.30 Registration

09.00 Myofibroblastic lesions in infants, children, adolescents and young adults: towards a molecular classification: Professor Rita Alaggio

09:45 Fibromatoses: a clinicopathologic approach: Dr Anna Kelsey

10:15 Sarcomas other than rhabdomyosarcoma: Adult-type sarcomas in children and adolescents: Dr Rajeev Shukla

11:00 Coffee break

11: 15 PNST: a difficult diagnosis in the genomic era: Dr Marie Karanian

12: 00 Malignant Vascular tumors: Professor Rita Alaggio

13:00 Close
